# ABOUT GERAB NATIONAL ENTERPRISES

Gerab National Enterprises is a leading stockist and bulk supplier of seamless and welded pipes, fittings, flanges, valves, pumps, connectors, drill bits, and accessories to the oil & gas, petrochemical, power, renewable energy, civil, and process industries. Gerab's long-standing history and proven track record has earned it the trust of national and international oil companies, as well as regional and international contracting and construction firms, with the supply of piping solution requirements for their mega projects in over 60 countries worldwide.

Headquartered in Dubai and with offices in key cities around the globe, Gerab operates indoor and outdoor stocking areas in the UAE, KSA, and Iraq to strategically feed into client supply chains and project requirements. Over a 45-year history, Gerab has consistently applied innovative and best-practice processes to give its clients a competitive edge through providing diverse product ranges, as well as meeting short notice periods, on-time delivery schedules, and bulk requirements at competitive rates.

Driven by its customer-centric values, teamwork, and commitment to service excellence, Gerab has earned its reputation as a dependable partner to its clients in supplying them with quality-assured, and internationally certified pipes, fittings, flanges, stud bolts, valves, gaskets, and related services for their projects, living up to its brand promise of "Your Business, Our Commitment"!

02

## OUR STRENGTHS IN SUMMARY

- **Major stockist** of pipes and allied components.
- Applying **ISO standards** since 1997.
- **UAE ICV Certified.**
- Offer **piping solutions as per the customer's requirements.**
- **Delivering material timely.**
- Professionally manage supplies to **small, medium, and large-size projects.**
- **Supplier** to major National & International Oil Companies, EPCs, FPSOs, and other Industries.
- The extensive **network of suppliers worldwide.**

03

## OUR VISION, MISSION & VALUES

### OUR VISION

If it's a Piping Solution,  
Gerab will be there.

### OUR MISSION

We are passionate about offering  
value-added propositions, cultivating  
trust, and nurturing relations.

### CORE VALUES

Think first customer.

Give & earn respect.

Work together.

Take ownership.

Innovate with simplicity.

# 04

# PROJECT SUPPLIED

WE HAVE SUPPLIED TO OIL & GAS, PETROCHEMICALS, POWER, PROCESS EQUIPMENT, SHIPBUILDING & CIVIL ENGINEERING PROJECTS WORLDWIDE.

## LIST OF COUNTRIES

Over the years, Gerab has supplied piping solutions to projects and clients in over 60 countries. Following is the list of countries where we have provided materials in the past:

Algeria	Cyprus	Italy	Netherlands	Saudi Arabia	Tunisia
Angola	Egypt	Japan	Nigeria	Singapore	Turkey
Azerbaijan	Fiji	Jordan	Norway	South Africa	UAE
Bahrain	Germany	Kazakhstan	Oman	South Korea	Uganda
Bangladesh	Greece	Kenya	Pakistan	Switzerland	UK
Belgium	India	Kuwait	Philippines	Taiwan	USA
Brazil	Indonesia	Madagascar	Poland	Tanzania	Uzbekistan
Canada	Iran	Malaysia	Qatar	Thailand	Vietnam
China	Iraq	Mexico	Russia	Trinidad & Tobago

# AVAILABLE EXPERTISE

## QUALIFIED QUALITY CONTROL PROFESSIONALS

Our commitment to quality is at the heart of all Gerab operations. Gerab was the first UAE-based company in the piping supply industry to acquire the ISO certification, the ISO 9002:1994 QMS Quality Management Certification in 1997, the prestigious ISO 9001:2000 version in 2001, ISO 9001:2008 in 2010, and revised ISO 9001:2015 in 2015 – making Gerab the quality benchmark for other vendors to follow.

The Control and Assurance Division is a pillar in Gerab’s total quality approach. Its technically qualified and experienced engineers include “NDE Level II” certified engineers and welding specialists who carry out quality control and technical support activities, oversee all quality-related processes, ensure regular updates of the ISO L3 procedures, and ensure compliance with client specifications and documentation requirements.

## DEDICATED PROJECT EXPEDITING TEAM

With offices strategically located around the globe, Gerab’s professional Project Expediting Team ensures that supply schedules meet the most demanding client requirements. Our understanding of the global supply chain, coupled with our expertise in managing supply for complex mega-projects, puts us in a unique position to deliver pipe solution materials to exacting customer requirements.

Our internal processes, strong partnerships with manufacturers, strategically located warehousing facilities, logistics expertise, and state-of-the-art ERP systems enable our Project Expediting team to work closely with customers to meet their requirements, address exceptions, and manage overall project delivery schedules: from receipt of the client’s purchase order right up the submission of all project documentation.

Procurement Specialists  
Project Material Supply Management  
Warehousing

## PROCUREMENT SPECIALISTS

Our Procurement Specialist engineers work closely with our clients to anticipate project requirements and stock pipe system materials, negotiate preferential rates, and deliver the right quality products for on-time delivery. Every time! The team's comprehensive knowledge of product composition, applicable standards in various markets, and thorough understanding of client and application specifications enables Gerab to efficiently source materials and optimize delivery schedules to clients worldwide.

Over the course of its operations, Gerab has fostered strong supplier relationships that have earned it exclusive and preferential product allocation quotas and prices for pipe system products and accessories. Our specialist expertise covers material ranges that include carbon steel, stainless steel, duplex, super duplex, and special alloys.

## PROJECT MATERIAL SUPPLY MANAGEMENT

Throughout the history of its operations, Gerab has consistently employed the requisite expertise needed for the supply of materials for projects to EPC, PMC, and end-users efficiently and effectively. Our dedicated Project Procurement and Expediting Managers are proficient in engineering and construction, manufacturing processes, project management, logistics channels, and supply chain management. They leverage their skills and the resources of the organization to provide project package supplies to exacting client and project requirements – from receipt of the first orders through to the final handover of supplies.

Gerab's available stock inventories are located in strategic locations and are supported by regional and international offices to deliver project package supplies in real-time from stock or through scheduled package supplies using stock and a back-to-back mix of delivery options. Full project supplies are sourced from a reliable network of manufacturers and benefit from Gerab's preferential relations with them. The end-to-end project methodology is employed and governed by a robust quality control program to ensure continuity of productive operations through just-in-time deliveries and the uniform flow of materials on critical path projects. Comprehensive monitoring, project documentation, and reporting are shared with the client at all times and key milestones.

From start to finish, clients are assured of receiving project material supply with the consistent reliability needed throughout the supply chain.

Your Business  
Our Commitment

## WAREHOUSING, MARSHALING, AND LOGISTICS

Gerab provides robust marshaling services to manage stock delivery of materials from multiple sources to relevant contractors and subcontractors in accordance with client/project needs. Stock supply consolidation and centralization, inventory management and reporting, onsite and offsite warehousing, material inspection and testing, as well as shipping and logistics are expertly handled to provide on-time delivery reliably and consistently.

Gerab's covered and open yard state-of-the-art warehouses are located in key locations (such as Jebel Ali Free Zone in the UAE; UM Qasr in Iraq, and Dammam in KSA) in best-in-class port-integrated industrial zones and leading hubs for manufacturing, logistics, and trade. Full stock administration covering receiving, managing, tracking, auditing, and reporting are performed to exceptional standards to meet client requirements.

With excellent access to one of the world's most efficient transportation network infrastructures, Gerab applies exceptional 3PL and 4PL logistic services through its flagship logistics company to expertly manage, store, and deliver pipe system solutions for large and long-term projects worldwide.

Flanges, Gasket,  
Stud Bolts, Valves

## FLANGES

Gerab supplies a wide range of ASME flanges in classes from 150 to 2,500 and API flanges in classes from 2,000 to 20,000.

### FLANGES TYPE

- |                           |                                |                              |                      |
|---------------------------|--------------------------------|------------------------------|----------------------|
| 1. Blind Flange           | 6. Orifice Threaded Flange     | 10. Reducing Threaded Flange | 15. Spade Flange     |
| 2. Lap Joint Flange       | 7. Orifice Weldneck Flange     | 11. Reducing Weldneck Flange | 16. Spectacle Flange |
| 3. Long Weldneck Flange   | 8. Reducing Slip On Flange     | 12. Slip On Flange           | 17. Threaded Flange  |
| 4. Nipo Flange            | 9. Reducing Socket Weld Flange | 13. Socketweld Flange        | 18. Weldneck Flange  |
| 5. Orifice Slip On Flange |                                | 14. Spacer Flange            | 19. Weldo Flange     |

Material	Norms	Grade	Range
Carbon Steel	A105N A350 A694	LF2 F42, F52, F60, F65	1/4"- 72"
	A707	L3 CL3, L5 CL3	12"- 48"
Alloy Steel	A182	F1, F11, F12, F22, F5, F91, F92	1/2"- 48"
Stainless Steel & Higher Grades	A182 B564	F304/304L, F316/316L F50, F51, F52, F53, F54, F55, F57, F60, F61, N06625	1/2"- 60" 1/2"- 24"

## GASKETS

Gerab supplies a comprehensive range of gasket types across a wide range of sizes and material compositions in all metal grades, construction, and with applicable insulation kit options.

### GASKET TYPE

- |                                    |                           |
|------------------------------------|---------------------------|
| 1. Compressed Asbestos Fiber (CAG) | 5. Ring Joint Gasket      |
| 2. Compressed NAF (CNAF) Gasket    | 6. Rubber Gasket          |
| 3. Flexible Graphite Gasket        | 7. Spiral Wound Gasket    |
| 4. PTFE Gasket                     | 8. Synthetic Fiber Gasket |

Material	Construction	Range
Carbon Steel/Stainless Steel with Outer, Inner Ring & Winding	Spiral Wound Gaskets	1/4"- 48"
Compressed Fibre Jointing Material - Neoprene, Epdm, Viton, NBR & Silicon	Non-Asbestos Soft cut Gaskets	1/4"- 48"
Soft Iron, Stainless Steel- 304, 316/316l in R, RX, BX, API 16.20 & API 6A	Ring Joint Gaskets	1/2"- 24"

Your Business  
Our Commitment

## NUTS AND STUD BOLTS

Gerab supplies stud bolts for high temperature and high tensile applications in carbon steel, alloy, and stainless steel. Higher alloys can also be supplied to client requirements.

### STUD BOLTS TYPE

- |              |               |
|--------------|---------------|
| 1. Stud Bolt | 4. Jack Screw |
| 2. Nut       | 5. Washers    |
| 3. Stud Bar  | 6. U bolts    |

Products	Norms	Grade	Range
Stud Bolts	A193 A320	B7, B7M, B8, B8M L7, L7M	1/4"- 3" 1/4"- 2"
Nuts	A194	2H, 2HM, Gr4, Gr8, Gr8M	5/8"- 3"

## VALVES

Gerab's supply of valves includes a comprehensive range of gate, globe, check, ball, and butterfly valves in all varieties of carbon steel, stainless steel, duplex, Bronze, and Iron.

### VALVES TYPE

- |                          |   |                                  |
|--------------------------|---|----------------------------------|
| 1. Ball API 6A Valve     | 8. Ductile Iron Valve                                 | 14. Instrument Valve             |
| 2. Ball Valve            | 9. Gate API 6A Valve                                  | 15. MOV (Motor Operated Valve)   |
| 3. Butterfly Valve       | 10. Gate Valve  | 16. Needle Valve                 |
| 4. Check API 6A Valve    | 11. Globe API 6A Valve                                | 17. Plug API 6A Valve            |
| 5. Check Ball Type Valve | 12. Globe Valve                                       | 18. Plug Valve                   |
| 6. Check Valve           | 13. HIPPS (High Integrity Pressure Protection System) | 19. Pneumatic Valve              |
| 7. Choke Valve           |   | 20. SDV & ESDV (Shut Down Valve) |
|                          |   | 21. UL/FM certified Valve        |

Material	Size Range	Class Range	End Type Range	Standards / Specs
Carbon steel forged Carbon steel casting Stainless steel Super Duplex stainless steel Ductile Iron Bronze	Less than 2"    Larger than 2"	150 - 2500   3K PSI - 20K PSI	Flanged End   Welded End Threaded End	API 6A API 6D API 6DSS API 600 API 602 TAT UL/FM 12"- 48"

Pumps, Connectors,  
Drill Bits

## PUMPS

Gerab supplies pump to various types and standards to suit the oil, power, and process industries. Gerab has a tie-up with Dalian Deep Blue Pump, One of the leading pump manufacturers in China, the recognized top Chinese industrial centrifugal pumps manufacturer.

Product	Series
API OH2	EAP-I, EAP-K and EAP-G Series
ANSI OH1	ANS-B Series
API BB1	EDS Series
API BB2	HDD Series
API BB3	SCSK Series
API BB4	SCS, SCS-Z and SCS-G Series
API BB5	DCS-Z, DCS-K and DCS-G Series
API VS	LYA-I, LDB-B and LDB-A Series
Cryogenic pump	RC-H and RC-G Series

## CONNECTORS

Gerab provides a range of connections for bespoke applications, from offshore water uptake risers to onshore cement caissons.

Gerab has a Tie up with the Oil States to supply the connectors; the Oil States is the worldwide leader in connector technology. Oil States Industries connectors have been proven in worldwide drilling, production, and structural applications.

### CONNECTORS TYPE

1. Merlin™ Connector
2. Lynx™ Connector
3. Leopard Connector
4. Puma Connector
5. Swift Connector
6. MMR Connector
7. Specialty Connectors
8. Specialty Welding

## DRILL BITS

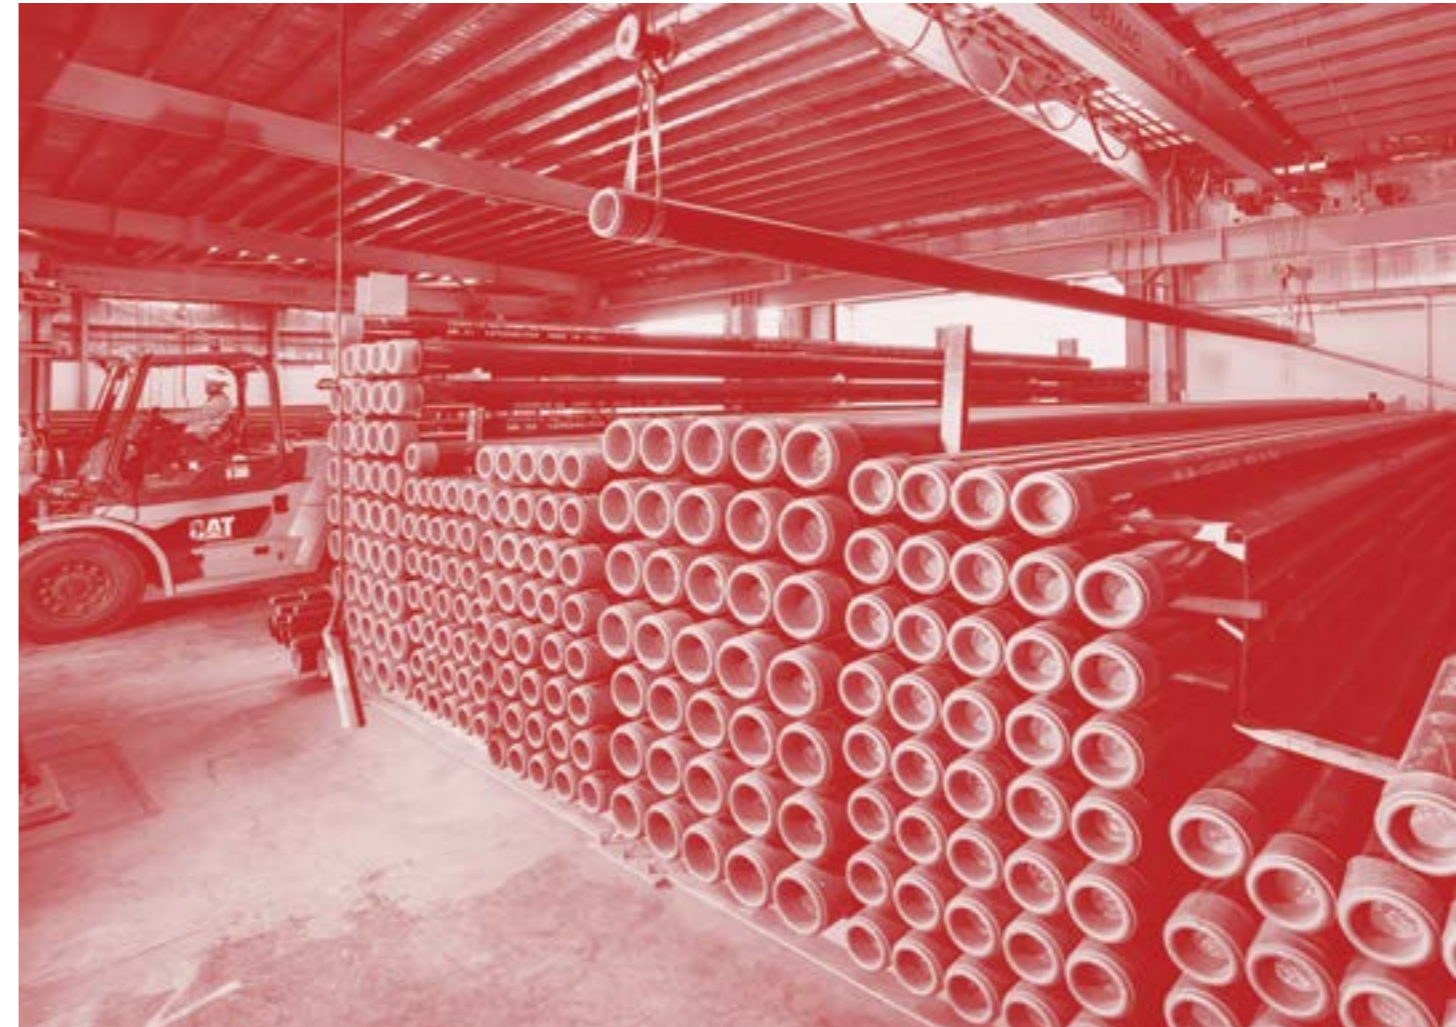

We supply diamond PDC bit with matrix body or steel body, ballset bit, natural diamond bit, core bit, and special application diamond bit sized from 3-1/2" to 26". We also provide technical services for a trial test and bit run. Gerab National Enterprises has a tie-up with CSB Drill Bit to supply the following drill bits.

### DRILL BITS TYPE

1. Tough-Drill PDC bit
2. High-Speed PDC bit
3. Directional-Drill PDC bit
4. Core bit
5. Speciality bits
6. Tri-diameter PDC bit
7. Torsional Impact Generator

# ISO 9001:2015 CERTIFIED

OUR COMMITMENT TO QUALITY IS AT THE HEART OF ALL GERAB OPERATIONS.

Our quality system is designed and committed to achieving continual improvement of our Quality Management System (QMS), certified to the internationally recognized ISO 9001:2015 Quality Standard. We ensure full compliance with the ISO Standard and have dedicated Quality Teams and suitably trained Quality Auditors dedicated to this purpose.

Gerab was the first UAE-based company in the piping supply industry to acquire the ISO certification in 1994, the ISO 9002 QMS Quality Management Certification in 1997, the prestigious ISO 9001:2000 version in 2001, ISO 9001:2008 in 2010, and ISO 9001:2015 in 2015, making Gerab the quality benchmark for other vendors to follow.
